

Celebrating RINLA's 100th Anniversary

Crowne Plaza Hotel
801 Greenwich Ave., Warwick, RI
7 a.m. to 5 p.m.

This year's **one-day winter conference and trade show** will offer members a day to learn from experts in the fields of horticulture as well as business. It's also a great opportunity to meet up with fellow RINLA members to share information and network.

Attendees will also have the opportunity to meet with a wide variety of vendors who offer goods and services of interest to RINLA members.

Continental breakfast, lunch and heavy hors d'oeuvres will be served. During the **noontime annual meeting** RINLA's yearly reports will be presented and the 2018 Professional Excellence Landscape Award winners will be announced.

The **kickoff introduction of RINLA's 100th Anniversary** in 2019 will outline events planned during this year-long celebration. During the **late afternoon reception** members will also participate in a **FREE raffle – with many great prizes.**

Topics for the educational sessions will offer something of interest to every RINLA member. Speakers are being finalized and full information will be published in the newsletter.

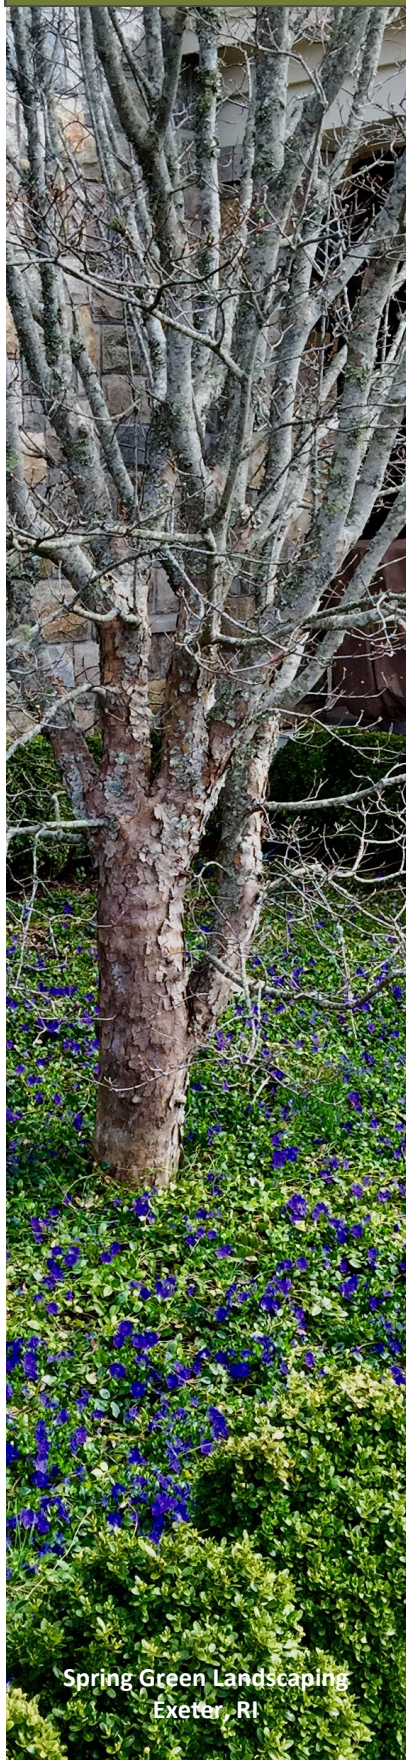

Registration forms will also be mailed to all members, and you may also register online at rinla.org to attend the Winter Conference and Trade Show.

Some of the speakers and topics being lined up for this year's meeting include:

- **Caitlin Chafee** – Of RI CRMC will discuss successes and failures in coastal plantings
- **Katie Schibler Conn** – Principal of KSA Marketing + Partnerships will discuss developing client relationships to retain clients
- **Michael Dirr** – Renowned horticulturist and author of more than 300 publications will present two sessions: on trees and flowering shrubs
- **Austin Marsteller** – Of Dow-DuPont will discuss labels, mixing, and calibration of pesticides
- **Chris Rooney** – Arborist with National Grid will discuss safety on the job for arborists and landscapers
- **Joe Russell** – Owner of Russell Tree Experts in Ohio will discuss how he has adapted his business model for success
- **Caydee Savinelli** – Of Syngenta will speak on the testing and risk assessment process for pollinators
- **URI Update** – With faculty members presenting latest research findings on plant protection and horticulture
